Dear Mr. Steinberg:

The Department of Environmental Protection (DEP) has completed the review of the proposed 2016 Beaver Valley Site Environmental Budget received on March 3, 2016 as modified by subsequent amendments received on April 29 and June 1, 2016 (2016 Budget). The 2016 Budget includes additional sampling events related to the Raccoon Creek Area. DEP hereby approves the 2016 Budget total of \$198,500 per the March 2010 Settlement agreement. Kindly, note that the surface water and sediment sampling event included in the 2016 Budget should be performed during low-flow conditions, if possible.
